### 3. Applications determined

The Council will consider applications and then determine them based on the requirements of the relevant licensing regime and council policy. There are three ways that applications for permissions are determined and the determination process varies depending on the relevant licensing regime. Applications that are opposed by residents, businesses or a responsible authority, such as the police will normally be put before a Licensing Sub-Committee which is made up of three Councillors.

Some street trading and market applications will be determined at a Licensing Officer Panel. This panel is made up of three senior managers of the Public Protection & Licensing Department. Applications that are unopposed or an agreement is met following an objection is made will be determined by an officer and granted under delegated authority.

#### 3.1 Licensing Sub-Committee – Summary of last week's decisions

Every attempt has been made to write these summaries so as to reflect the decision of the Licensing Sub-Committee. However, these summaries will not detail the specifics of the decision made by the Sub-Committee and as such must only be used for information purposes. The summary of the decision is not the formal decision of the council and as such cannot be relied upon as a full account of the decision made or be used in relation to lodging any appeal against the decision.

##### **Licensing Sub-Committee – Thursday 8 October 2015**

**Café Monico, 39-45 Shaftesbury Avenue, W1 (West End Ward / West End Stress Area)** – A new premises licence application for the sale of alcohol, late night refreshment and recorded music until a terminal hour of 01:00 hours on Monday to Saturday and midnight on Sunday. The Applicant had agreed conditions proposed by the Metropolitan Police and Environmental Health, including that Café Monico would operate as a restaurant with customers shown to their table and alcohol being ancillary to substantial table meals and served by waiter or waitress to seated customers. Off-sales would be restricted to the area with tables and chairs outside the premises which was also subject to alcohol being ancillary to a substantial table meal. The Responsible Authorities had subsequently withdrawn their representations.

The Soho Society had maintained their representation due to the proposed terminal hours. They had no objection to the restaurant operating within core hours but the period beyond that was a concern to them in the West End Stress Area with the question being whether the application would add to cumulative impact. It was also queried what the nature of the recorded music would be. Following questions from the Sub-Committee, the Applicant was content that alcohol, which it

was proposed would be consumed prior to a meal in the ground floor bar area, would cease at midnight. The Applicant also withdrew recorded music apart from on New Year's Eve.

The Sub-Committee, in granting the application, considered that the application with the conditions attached to the licence would promote the licensing objectives at the restaurant. Statistically there was less likelihood for there to be crime and disorder at a restaurant up until 01:00. Members also noted that the Applicant was taking steps to manage dispersal from the premises and did not consider that the dispersal from this location would have a significant impact on residents.

#### 4. Temporary Event Notices received

Temporary Event Notices (TEN's) can be made by any person who wishes to use a premises to provide regulated entertainment, late night refreshment and/or sell alcohol under the provisions of the Licensing Act 2003. A TEN only authorises the licensable activities during the time specified on the TEN and these activities are limited for a period of no more than 168 hours with a maximum capacity of up to 499 people. There are also limitations on the number of TEN's that can be used for premises as well as limitations on the number a person can submit to the Council. The only authorities that can oppose TEN's are the Council's Environmental Health Consultation Team and Westminster's Metropolitan Police Licensing Team. A TEN can only be opposed if it is considered to not promote one or more of the licensing objectives under the Act.

## 6. Current public consultation

From time to time the Council will undertake public consultation relating to licensing matters. Consultation is a means to enable local residents and businesses to comment on licensing policy or process to enable the Council to provide its services in a way that improves the lives of those living, visiting and working in Westminster as well as providing opportunities for businesses.

At present there are no live public consultations. However, if you wish to view any previous consultation or read the submissions (where available) made in respect to that consultation please visit [www.westminster.gov.uk/licensing-consultation](http://www.westminster.gov.uk/licensing-consultation).

## 7. Training and Pre-Application Advice Services

### 7.1 Westminster City Training

The council has established Westminster City Training, which provides regulatory training for individuals, businesses and local authority officers. Westminster City Training is an accredited centre for the British Institute of Innkeepers (BII) and Chartered Institute of Environmental Health (CIEH) qualifications.

There are a number of licensing courses which the council provides that are essential for those wishing to obtain a personal licence or for anyone wishing to increase their knowledge relating to the Licensing Act 2003 or Gambling Act 2005.

To view the courses available and dates when these courses are being run you can visit [www.westminster.gov.uk/training-programme](http://www.westminster.gov.uk/training-programme) or call one of Westminster City Training's booking staff on 020 7641 6252. If you have any questions about a course then you can also email [ehtraining@westminster.gov.uk](mailto:ehtraining@westminster.gov.uk).

### 7.2 Licensing Pre-Application Advice Service

The council provides local businesses and solicitors with a licensing pre-application advice service for all of the general licensing regimes that the council is responsible for. The advice given is given by experienced and qualified individuals within the Environmental Health, District Surveyor and Licensing disciplines. Pre-application advice provides an operator or a solicitor with advice on all aspects of their proposal for a licence or to vary an existing licence. Once an application is made for pre-application advice the application will be considered by highly experienced officers and advice will be given for a number of areas to promote the safety of the public and any relevant licensing considerations.

This service is very popular and has been seen to be a real benefit to potential applicants in addressing key issues prior to submission of an application to the council. The benefits of this service to businesses are that they will receive expert advice relating to their proposal, reduced the level of objections to the final application and reduce costs associated with attending a hearing and the associated legal costs.

Please note that the advice given will not include views from other responsible authorities such as the Police, Fire Authority, etc. Other responsible authorities have the legal right to make a representation or objection relating to the application even if advice has been sought and provided under a pre-app advice agreement. In determining any application that is subject to representations will be the mandate of the Licensing Sub-Committee who will consider the application and the representations on its own merits and determine the application accordingly.

If you are interested in receiving licensing pre-application advice then please visit <https://www.westminster.gov.uk/licensing-pre-application-advice-service> to find out more information and to download the application form.
