| Paul Church | Conservative |

The world-famous West End is known as the Theatre District and is home to many of the leading performing arts businesses. Mayfair (to the west of the ward) has London's largest concentration of luxury hotels and many restaurants. Rents are among the highest in London and the world. Soho and its adjoining areas house a concentration of media and creative companies, whilst Oxford Street is one of the leading shopping destinations in the world.

Based on the latest population figures the ward has 11,687 residents making up 5.3% of the total Westminster population.

4. Population

- In April 2014, the population in West End ward reached 11,687 people. This accounts for 5.0% of the total Westminster population and is higher than other wards.
- The West End population has increased by 5% since March 2013. Westminster saw a decrease of 2%.
- Compared to the Westminster average, West End has:
 - a lower proportion of people aged over 65 (11%)
 - a much higher proportion of working age adults (81%)
 - a much lower proportion of under 16s (8%)
- The majority of residents have lived in this ward between 3-10 years which is higher than the Westminster average.

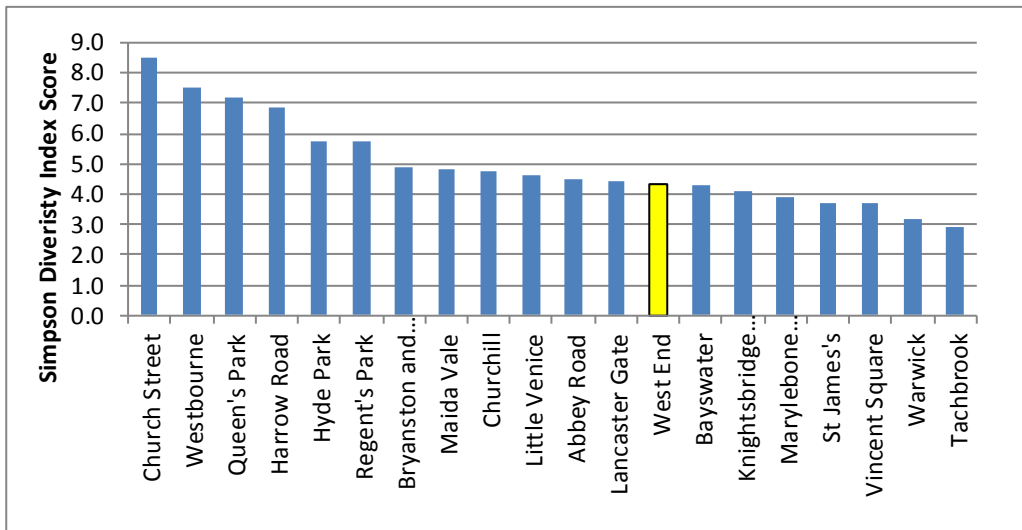

Length of Time Living in the Borough, City Survey 2013

5. Ethnicity/Nationality

- West End is not as ethnically diverse compared to the City as a whole. The ward is ranked in the top 3.9% of England according to its Simpson Diversity Index Score (ONS 2012).
- The main ethnic group in West End is White: British which makes up 37% of the ward population. This is higher than the Westminster average of 35%.
- 32% of West End residents are from non-white ethnic groups.
- The majority of residents were born outside of the UK (57%).
- The 3 main places outside of the UK where residents were born are:
 - EU countries (17%)
 - North America (6%)
 - Middle East (5%)
- Other than English (which is spoken by 77% of the ward population), the other main languages are:
 - French
 - Italian
 - Spanish
 - Arabic
 - Portuguese

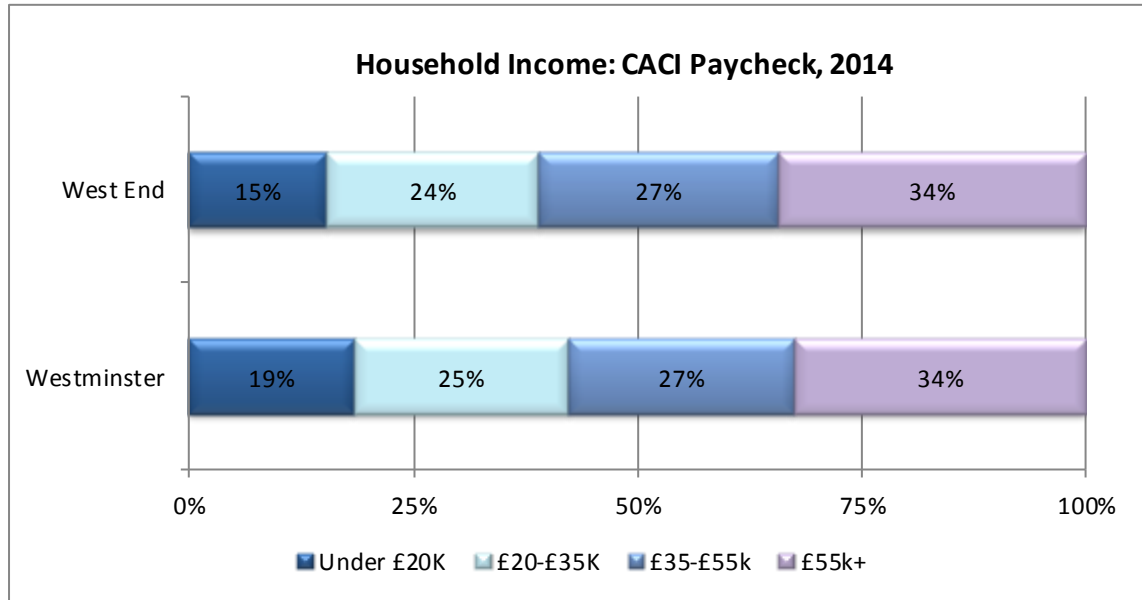

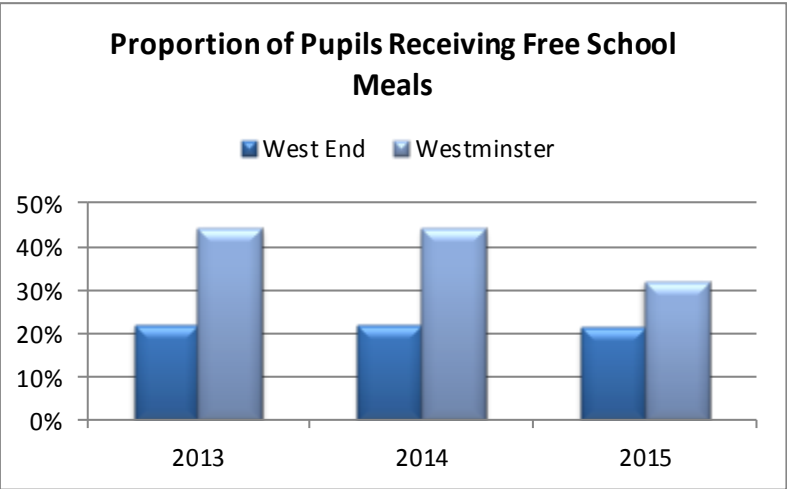

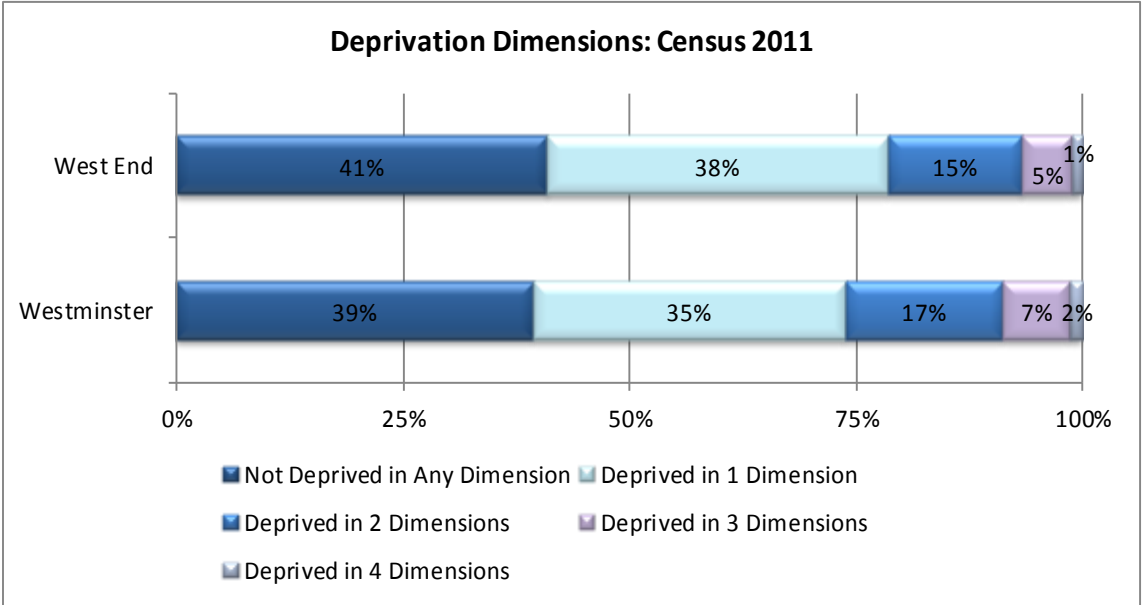

| Detailed Ethnic Breakdown | West End | | Westminster |
|--|----------|-----------|-------------|

6. Deprivation

- The 2011 Census collected information to classify households by four dimensions of deprivation; Employment, Education, Health and disability, and Household overcrowding.
- In West End 41% of households are not deprived in any dimension.
- The Index of Multiple Deprivation (2015) places 33% of the ward in the top 25% most deprived in England.
- The Income Deprivation Affecting Children Index (2015) places 17% of the ward in the top 25% most deprived in England.
- Another measure of deprivation is the proportion of children who are eligible for free school meals. In 2015, in West End, 21% of children going to Westminster schools were eligible to receive free meals.
- A measure of deprivation in older people is those claiming pension credits. Of the residents aged 60 or over, 15% were claiming pension credits in February 2015.
- In 2014, 34% of households in West End earned more than £55,000 a year.

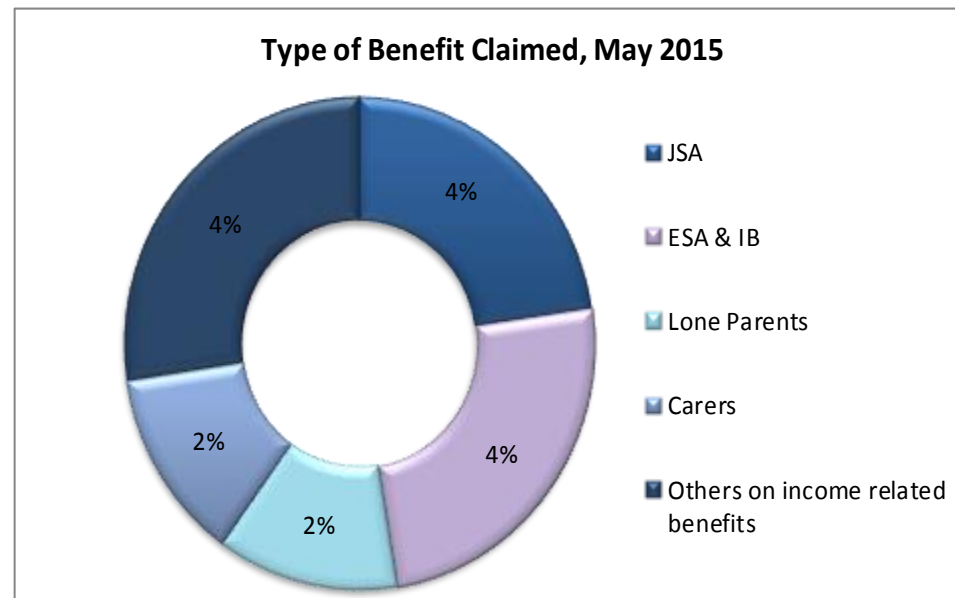

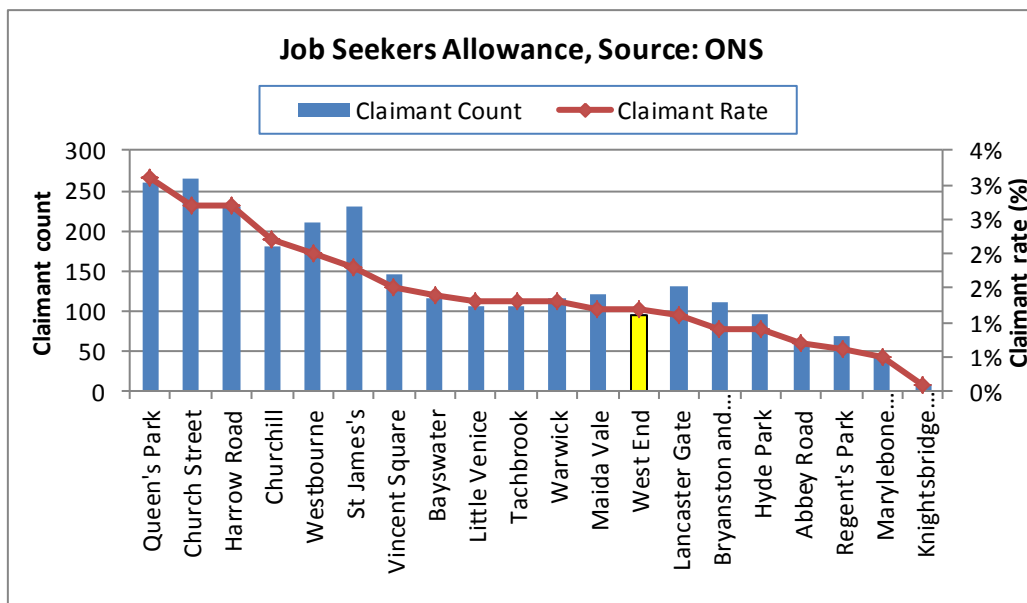

7. Unemployment

- In May 2015, the workless rate in West End ward was 7.0% (550 people) which is lower than the Westminster average of 7.6%.
- There were 410 claimants of Employment Support Allowance/Incapacity Benefit (ESA/IB) within the ward. The ESA/IB claimant rate is 5.2%, which is lower than the Westminster average of 5.4%.
- The area has a lower proportion of its workless population who are lone parents (0.3% of the working age population) compared to the rest of Westminster.
- In May 2015, the Job Seekers Allowance (JSA) claimant rate in West End was 1.2%. This is lower than the city rate of 1.4%.
- The number of JSA claimants has decreased by -32% from the previous year from 140 claimants in May 2014 to 95 in May 2015.

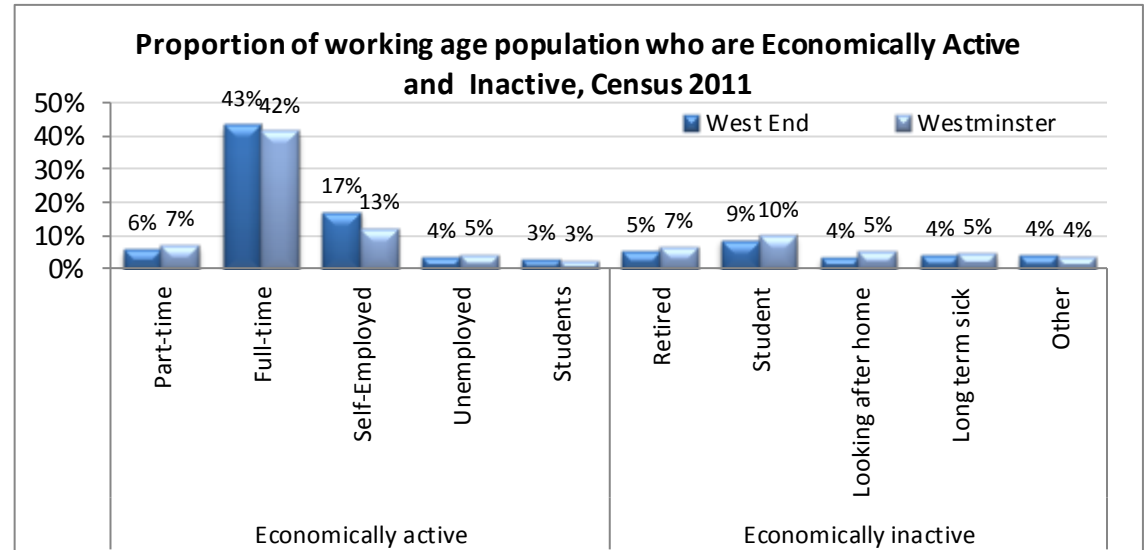

| May 2015 Worklessness | | | | | | |
|-----------------------|----------|------|-------------|------|--------|---------|
| | West End | | Westminster | | London | England |
| | Count | Rate | Count | Rate | Rate | Rate |
| Jobseeker's allowance | 95 | 1.2 | 2,695 | 1.4 | 2.1 | 1.9 |

| Out-of-Work Benefits | 550 | 7.0 | 14,510 | 7.6 | 9.1 | 9.4 |

Sources: NOMIS and DWP

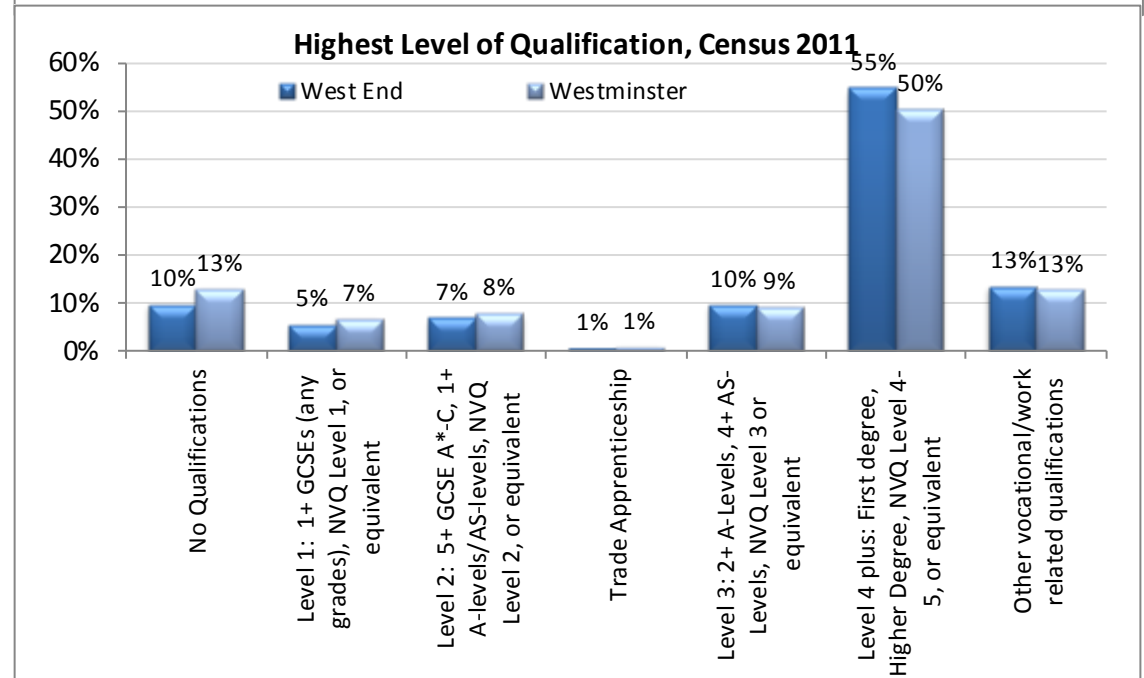

8. Employment and Qualifications

- At the time of the 2011 Census, 73% of West End residents were economically active, which was higher than the Westminster average of 69% and higher than the London rate of 72%.
- Of the economically active residents, the majority were employed full-time.
- Of the economically inactive residents, the majority were students (including full-time Students).
- The majority of West End residents who are in employment are likely to work full-time doing 31 to 48 hours a week.
- Those living in this area are more likely to be highly qualified (degree or above).

9. Schools and Education

- The main Tri-borough primary school attended by West End residents was St Georges Hanover Square, and the main secondary school was The St Marylebone CoFE School.
- During their Early Years Foundation Stage, children measured as achieving a good level of development (GLD) are those achieving at least the expected level within the following areas of learning: communication and language; physical development; and personal, social and emotional development; literacy; and mathematics. For West End residents attending a Westminster school, the average score was lower than the Westminster average in 2014.
- 83% of resident pupils attending Westminster primary schools achieved at least 2 levels of progress in their Key stage 2 for Reading, Writing and Maths in 2014.
- At secondary schools, pupils are performing above the Westminster average for GCSE results with 77% achieving at least 5 GCSE grades A* to C including Maths and English. The ward's grades were an improvement on 2012 (63%).

| Main Primary Schools 2015 | West End Primary pupils |

10. Housing

- West End ward contains 5,900 residential properties. This is 5.6% of Westminster's total housing stock.
- Residents of West End are more likely to rent privately rather than own their property or live in the social rented sector.
- City West Homes manage 328 units in the ward. Under half (31%) of residents living in their properties are lessees. The largest CWH housing area in the ward is William Blake House.
- The 2011 census recorded 2,777 (47%) privately rented households in West End.
- In May 2015, both 1 and 2 bed household rents were more expensive than the Westminster average. The median average rent for a 1 bed household was £525 per week and a 2 bed household was £895.
- In June 2014, the average property price in West End was greater than the Westminster average. It increased from the previous year and is currently worth £2,366,526.
- In September 2015, Council Tax records show that 1.9% of properties in West End were long term empty or vacant.
- Council Tax also shows that there were more people who owned second homes located in this ward compared to other wards in Westminster. 708 properties were recorded as a second home, 12% of all households in the area.
- 2,431 people whose main home is located in the ward have a second address elsewhere in the UK or abroad.
- Based on the 2011 census, the ward has 58 communal establishments with 484 people living in them.
 - Medical and care establishments: 1
 - Hotel, Guest House, B&B, Youth Hostel: 20
 - Hostel or temporary shelter for the Homeless: 3
 - All other establishments: 34

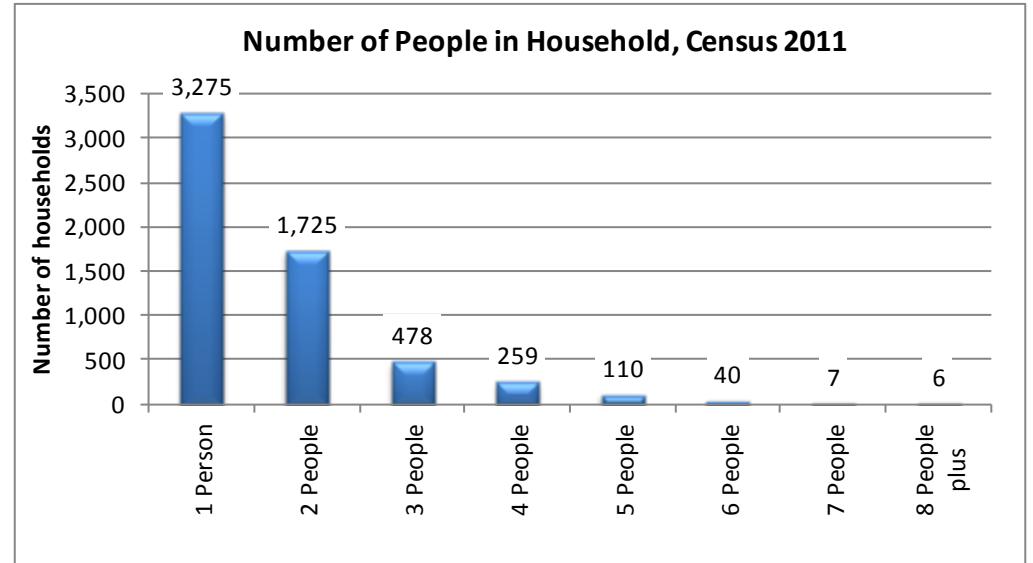

| 2011 Census: Tenure (Households) | West End | | Westminster | London | England |

11. Household Composition

- In West End the most common household size is one person per household.
- Despite having a large proportion of single households, there are a number of families living in West End. 33% of the households in this ward live as families.
- 9% of households have dependent children
- 5% of households have lone parents
- 28% of households are living as a couple (married, civil partnership or cohabiting)
- 15% of households have the household reference person in the Census as aged 65 years and older
- The occupancy rate suggests that:
 - 53% have just the right number of bedrooms for their composition
 - 38% of households are under occupying their property
 - 9% of households are over-crowded
- Over-crowding here seems to be less of a problem compared to the rest of Westminster, where the over occupancy rate is 12%.

| 2011 Census: Household Living Arrangements | West End | | Westminster |
|---|----------|-----|-------------|
| | Count | % | % |
| One person aged under 65 | 2676 | 45% | 35% |
| Two adults aged 16 to 64 and no children | 1382 | 23% | 22% |
| One person aged 65 and over | 599 | 10% | 10% |
| Three or more adults and no children | 450 | 8% | 10% |
| Two adults with at least one aged 65+ and no children | 272 | 5% | 6% |
| Two adults and one or two children | 268 | 5% | 8% |
| Three or more adults and one or more children | 102 | 2% | 3% |
| No adults or one adult and one or more children | 100 | 2% | 4% |
| Two adults and three or more children | 51 | 1% | 2% |

|---|--------------------|----|-----------|
| | 1 | 2 | 3 or more |
| Age 0-4 | 147 | 76 | 48 |
| Age 5-11 | 79 | 65 | 30 |
| Age 12-18 | 86 | 18 | 4 |

12. Crime, Disorder and Community Cohesion

- West End ward had 13,917 crimes reported in the past year which equates to 131.6 crimes per 100 population. This is higher than the Westminster average of 21.6 crimes per 100 population and is higher than the London average of 9.2. These rates do not necessarily indicate how likely ward residents are to become victims of crime. Higher crime and ASB levels are expected in West End ward due to the area's tourist attractions, theatres, shops and restaurants. It has a vast number of visitors and a thriving night time economy.
- Crime levels in the past year ending September 2015 have increased by 0% compared to the previous year in West End ward compared with a 3% decrease in Westminster overall.
- The number of residential burglaries for this ward has decreased by 17% compared to the previous year (62 compared to 75), this compares to the whole of Westminster where burglaries decreased by 5%.
- According to the City Survey, 2013, residents of West End perceive the top ASB issues to be:
 - Rubbish/litter
 - Homeless/begging
 - Drunk/rowdy people
 - Lack of respect
 - Noisy neighbours
- There were 1,240 London ambulance service attendances to alcohol related incidents in West End in the past year, this equates to 23.8% of the Westminster total for this type of incident.
- London Fire Service attendances to primary and secondary fires in the year ending June 2015 was 193, 20.2% of the Westminster total.
- The City Survey found that 97% of respondents felt safe in the area they lived and if walking alone after dark this changed to 89%.
- The City survey found that 75% of residents felt that the local area was a place where people from different backgrounds get on well together. This is much lower than the City average of 85%.

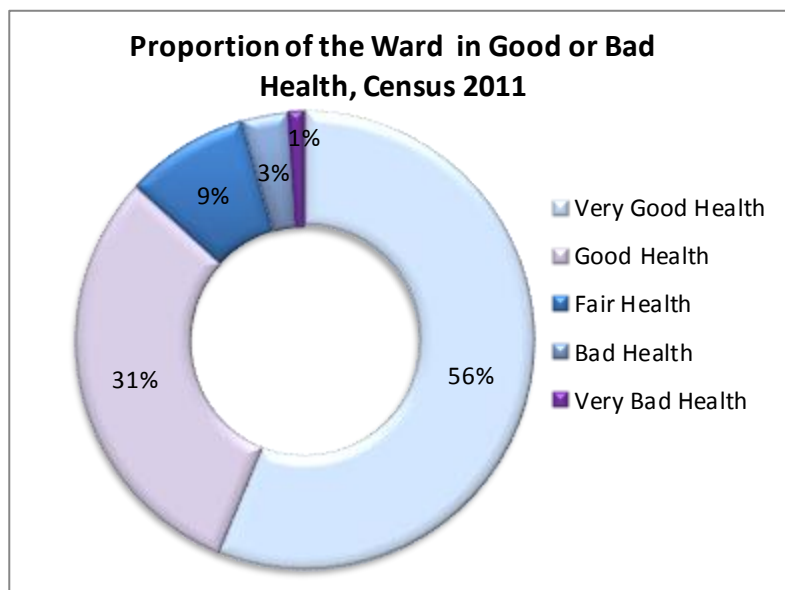

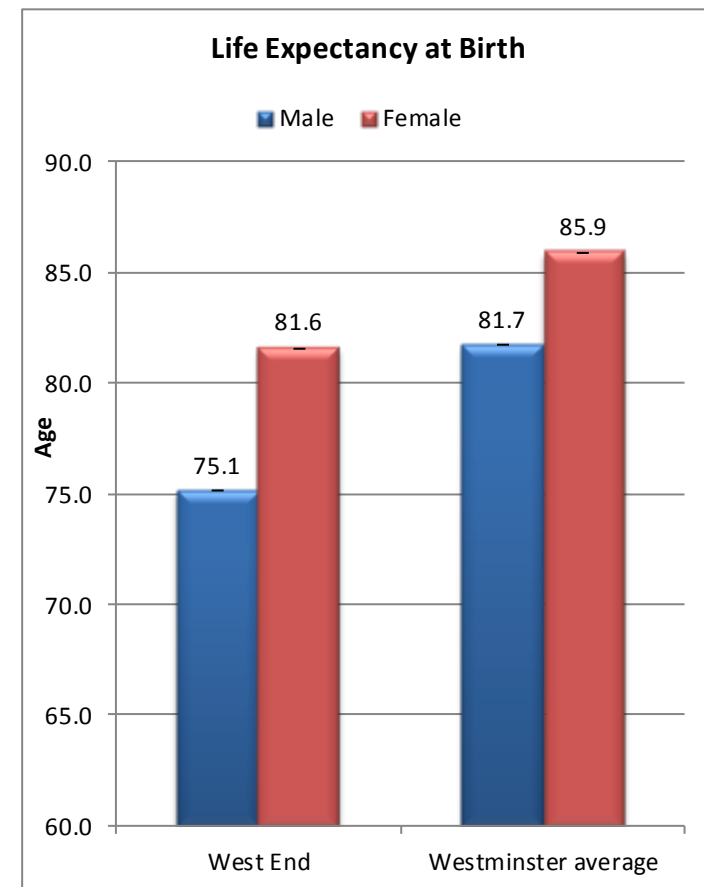

| Annual Service Statistics | West End | | Westminster | |
|--|---------------|--------------|---------------|-------------|
| | Count | Rate | Count | Rate |
| Ambulance attendances for alcohol related incidents | 1,240 | 11.7 | 5,205 | 2.4 |
| Fire service attendances for primary and secondary fires | 193 | 1.8 | 954 | 0.4 |
| All notifiable offences | 13,917 | 131.6 | 47,470 | 21.6 |
| <i>Violence against the person</i> | 1,801 | 17.0 | 9,087 | 4.1 |
| <i>Criminal damage</i> | 353 | 3.3 | 2,071 | 0.9 |
| <i>Robbery</i> | 460 | 4.3 | 1,541 | 0.7 |
| <i>Burglary in a Dwelling*</i> | 62 | 1.1 | 1,448 | 1.4 |
| <i>Drug crime</i> | 477 | 4.5 | 2,253 | 1.0 |
| <i>Theft and Handling</i> | 9,711 | 91.8 | 27,677 | 12.6 |

 * Rate based per 100 households rather than 100 residents

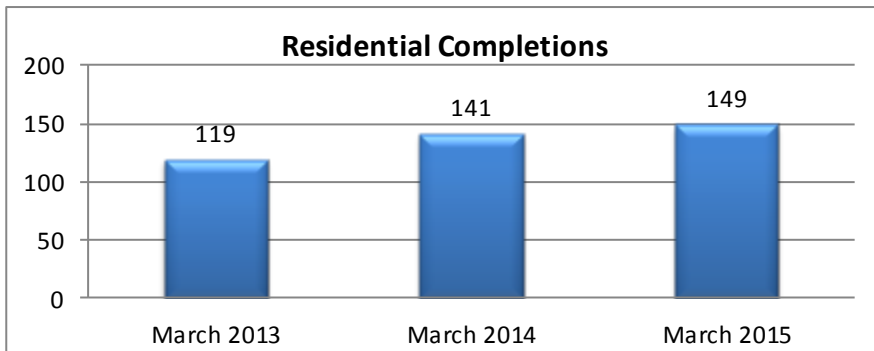

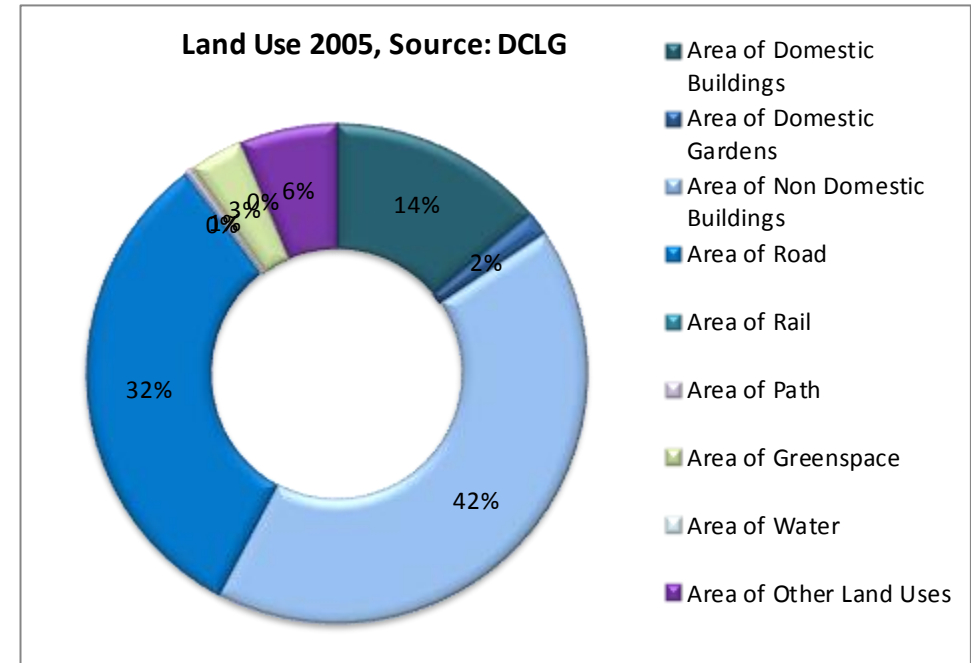

13. Health and Wellbeing

- The 2011 census showed that 4% of the ward population felt they were in bad or very bad health which is lower than the Westminster average of 6%.
- The census also recorded 11% of the wards population as having a long-term limiting illness, lower than the Westminster average of 14%.
- In May 2015, 300 people in West End claimed Disability Living Allowance (DLA) which represents approximately 2.6% of the ward population.
- 285 people claimed under the 'care' element of DLA and 275 people claimed for the 'mobility' element (people can receive both elements).
- Life expectancy at birth is estimated using probability of survival, mortality and population for each age group between 2011 -2013. In this ward, life expectancy is lower than the Westminster average for both males and females; however confidence ranges vary depending on the frequency of instances.
- The GLA Well-being index (2013) is based on a number of measures including health, economic security, safety, families, accessibility and community. West End is ranked 136 out of 625 London wards which means it records one of the best 25% of well being scores in London.
- Approximately 79% of adults took part in one or more sessions of sport or active recreation per week which is not as good as the Westminster average (81%) (Sport England, 2008).

14. Infrastructure, Service Usage and Satisfaction

- After taking into account new developments, changes of use and residential conversions, there was a net gain of 149 units in the ward during the year ending March 2015, this represents 20% of all Westminster housing completions.
- In West End, 4% of the area is open space (Source: Greenspace Information for Greater London, GLA).
- 86% of homes have good access to nature; however, 15% of homes are deficient in access to a local, small pocket park.
- Based on the City Survey, 2013, it is estimated that 60% of the ward residents had used parks and open spaces in the area and they were less likely to use them compared to other wards. Of those who used them, 87% were satisfied with them which was a similar score as the Westminster average.
- By August 2015, approximately 9% of the wards population were active library members, however, the City Survey found that 45% of the ward used the libraries and 71% of them were satisfied with the service.
- The City Survey found there was good use of swimming and sports facilities with 26% using them in the past three months leading up to the survey. The satisfaction was also greater than other Westminster wards.
- 91% are satisfied with the way Westminster City Council is running the area and 97% are satisfied with the area as a place to live.
- 67% agreed that they could influence decisions affecting the local area and 59% wanted to be more involved in the decisions the Council makes.
- For the Local Elections in 2014, 30% of the ward turned out to vote which was lower than the Westminster rate of 32%.

| Service Usage and Satisfaction | West End | |
|----------------------------------|------------|-------------|
| | % of users | % satisfied |
| Libraries | 45% | 71% |
| Swimming pools/sports facilities | 26% | 54% |
| Parks and open spaces | 60% | 87% |
| On street recycling/bins | 53% | 86% |
| Door to door recycling | 38% | 57% |
| Refuse collection | 100% | 94% |

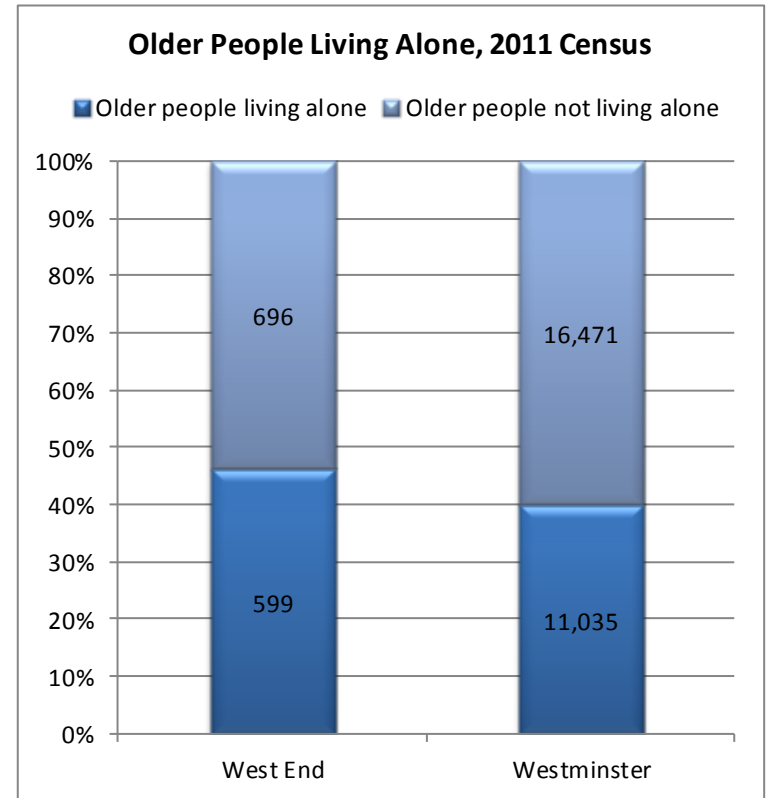

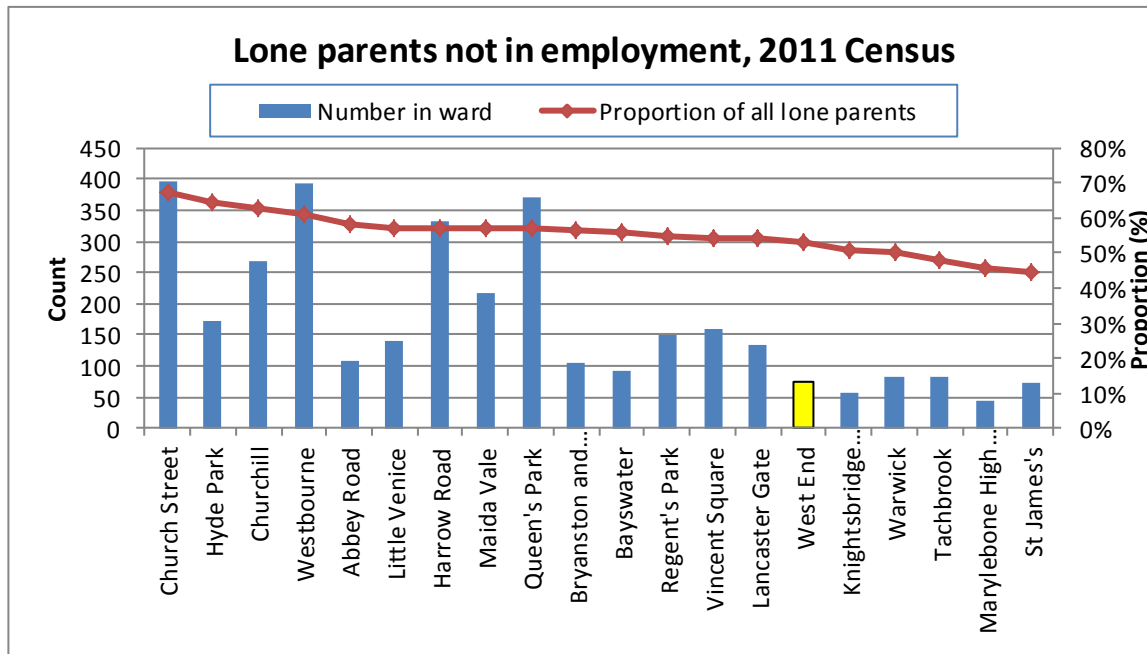

Sources: Westminster City Survey 2013

15. Vulnerable Adults and Children

- 22% of resident primary and secondary school pupils attending a Westminster school have specialist educational needs. 19% are children on School Action (where they have additional support to meet their learning difficulties) or School Action Plus (external advice and support) and 3% have statements (a formal document detailing the child’s learning difficulties after a statutory assessment).
- The 2011 Census showed that there are 75 lone parents who are not in employment with dependent children.
- There is a lower proportion of older people aged 65 plus living in this ward compared to other Westminster wards, they make up 11% of the wards population. Those aged 85 plus account for 1.1% of the wards population.
- 46% of older people aged 65 plus live alone.
- In September 2015, there were 145 adults being supported in the community with social care services from Westminster Council. This is lower than the Westminster average where the number supported is 215.

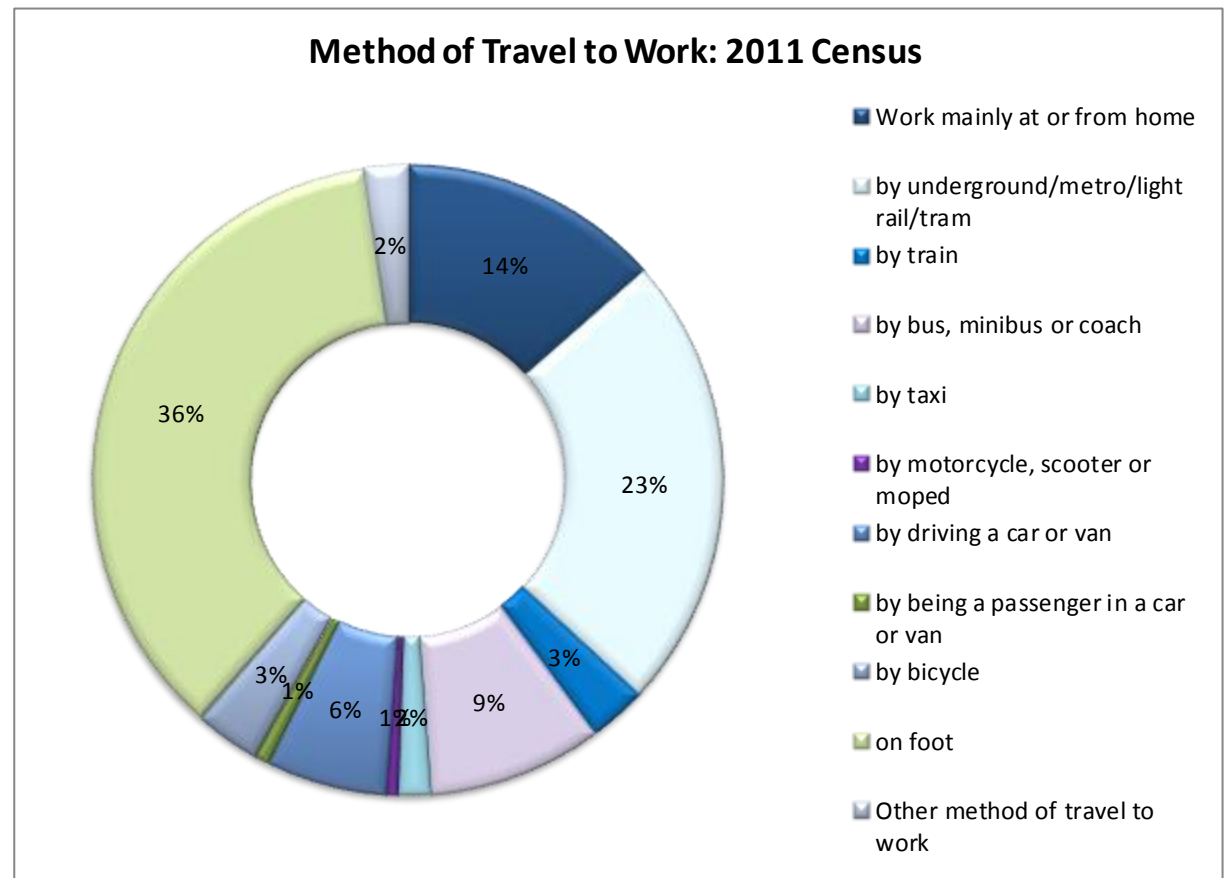

| Special Educational Needs | West End | Westminster |
|---------------------------|----------|-------------|
| Action/Action plus | 19% | 19% |
| Statemented | 3% | 4% |

Source: Schools and Children WCC

16. Transport, Travel and Visitors

- Based on modelled experimental statistics in August 2011, it is estimated that the day time population in West End reaches approximately 242,100 people (this includes working population, residents at home in the day and visitors). This compares to the resident population of 11,687.
- There are several tube stations located in and around West End ward: Bond Street, Oxford Circus, Tottenham Court Road, Piccadilly Circus, Green Park, Hyde Park Corner and Marble Arch. The annual entry and exits from the tube stations identified amounts to 259.8million, this represents 9.0% of all of London Underground entries and exits.
- The Business Register and Employment Survey shows that in 2014, there were 214,705 jobs in the area, this represents 31.9% of all Westminster jobs.
- The main method that West End residents use to travel to work is on foot; 36% use this method of travel.
